Jocelyn:

Last Friday, SCE&G received a transmittal letter from the Commission directing SCE&G to, among other things, "[f]urnish at your own expense, on or before April 3, 2015, by U.S. Mail, the enclosed Notice of Filing and Hearing to each affected customer and provide a certification to the Commission on or before April 21, 2015, that this notification has been furnished." SCE&G cannot satisfy this notice requirement by April 3 without a special mailing, which would result in additional costs. SCE&G respectfully requests that the April 3, 2015 deadline to provide the Notice of Filing and Hearing to each affected customer be extended to April 15, 2015. Shannon Hudson has indicated that ORS has no objection to the request for extension.

Thank you for your consideration of this request.

Matt
